Grasstime Sale – Saturday, March 19th 1pm – preview catalog on seraa.org and redcows.net

Sale Chairman Danny Osborn at 256-679-6307

.....
**Thank You! To Lowell & Betty Morgan of Morgan Red Angus in Georgia
for generously donating the Grasstime Donation Heifer**

Information on this heifer is not available in the sale catalog, but will soon be available at seraa.org and redcows.net and on sale day. Here is what we have so far.

This moderate size heifer (Reg. #1733446) has a lot of Whitley Red Angus influence with Goldrobber, Checkout, Grandview Henry (Milky Way son) in her background and dam goes back to the Whitley Zara cow family. All of these animals have worked well for us. The Zara 203 cow, the maternal great granddam of this heifer, was sired by Glacier Logan 210 and at 14 years of age she is still working for us. This donation heifer may not be anything fancy, but with her genetics and EPD numbers I believe she will work well in most herds, both seedstock and commercial. Al'ed to Cross Diamond Priceless, reg. #1428218, on March 5. Priceless is an attractive bull sired by Becton Julian B571 and his dam was the great proven cow, Panhandle Robin 4135. His EPD numbers should work well on this heifer

.....
**A Silent Auction to benefit our Juniors will be held on Friday night during
the Banquet and will continue Saturday morning.
We invite anyone to contribute one or more items to the Silent Auction.**

SERAA Directory

***"Full Color Premium Pages" for the upcoming SERAA Directory will
be auctioned off at the Friday night Banquet.***

***Thank you to Whitley Red Angus for their winning bid on the inside front cover page
auctioned at the SERAA Field Day last summer.***

Remaining "Full Color Premium Pages" to be auctioned:

The centerfold

The back cover

The inside back cover

Regular full color pages are available to SERAA members for \$100 each

To All Grasstime Consigners:

If you have any *additional* pictures of your consignments that are not featured in the sale catalog, please send them to me at swanecreek@tds.net and we will get them posted on seraa.org. We will display pictures of the consignment, their sire, dam, or sibs. This page was very popular last year.

A message from our RAAA Southeast Director – Raymond Prescott:

I want to take this opportunity to remind everyone that it is time to obtain a DNA sample on your Red Angus herd sires. Sires of calves born in 2017 will need to have DNA on file with the RAAA before they can be registered. This may seem like a long time away, but these 2017 born calves will result from the 2016 breeding season, and their sires may no longer be on your farm in 2017. A suggestion is to collect a blood sample on a blood card that you can get from the RAAA office and turn it in for parentage verification. In the future, I would suggest a DNA test for any bull that you plan to use as a herd sire.

The RAAA board met in January in Denver, CO, and had a very busy and productive meeting. The official minutes for the meeting are posted on the RAAA website, and you can view them when you log on to Redspro and go to the quick links tab. You can also view the 2016 -2020 RAAA Strategic Plan on the same link. The strategic plan was approved at the January board meeting and discussed during a portion of the Brain Trust. Members in attendance in Denver were also able to meet Tom Brink, RAAA's newly hired CEO. I am excited that Mr. Brink has joined our association, and I believe that his vast experience in the beef industry will be a tremendous asset as he leads our staff to implement new programs and meet the challenges that we face as an association.

The board also approved the 2016 committee assignments during the Denver meeting, and I'm very pleased that many Southeast Area members are serving on committees in the organization. The new committee roster is also listed on the RAAA website, so please review the list and provide your input to any committee member.

The REDSPro database was a topic of much discussion during the board meeting, and progress is being made with the database concerning functionality and data processing speed. Many challenges are being met, and our staff continues to work tirelessly to process data accurately and in a timely fashion. The backlog of data that resulted from the transition to the new database is diminishing, and hopefully, your satisfaction with the association's services will soon be on the rise again.

Volunteers Wanted for SERAA Committees

SERAA has 4 working committees:

Sale Committee

Advertising Committee

Junior Committee

Constitution & By-laws Committee

If you are interested in serving or have a question about serving on one of these committees please contact Tim Whitley at 205-446-5090 or tm_whitley@yahoo.com

A Great Opportunity

Exclusively for SERAA Members

Barking Apple (the host for seraa.org) would like to offer SERAA members, who don't currently have a website, the opportunity to develop one for a minimal fee of \$100. Typically the cost is much, much higher for something like this. The offer includes set-up, hosting and updates (provided by member) for one year. After that the price is only \$19.95 per month, payable annually for a total of \$239.40.

Thank You
